

Drawing winners selected after September 21, 2018!

Join and participate in the Novato High Parent Teacher Student Association (PTSA) - an excellent way to support all students, teachers, staff, and parents. Donations raised from the membership drive over the past several years have been used to purchase classroom supplies, technology upgrades, campus improvements and more. Please consider a donation in addition to joining PTSA.

Membership levels have been created to provide each family with a comprehensive package to meet your needs and to support the school in a way that is comfortable for you. Joining at any level of membership is appreciated!

Thank you for supporting PTSA – dedicated to enriching every student’s educational experience.
